

I am writing to submit a comment regarding giving LPFM priority over current FM translator services. This would directly effect both myself and every member of my immediate family as well as several friends as we all listen to KLOVE through an FM translator. It serves me as a resident of my local community as it is one of two Christian music stations broadcast in my area. KLOVE has a tremendous effect on my local community via KLOVE's community spotlight that highlights events in my community that are sponsored by non-profit organizations which are free to the public. KLOVE also serves my community by broadcasting by upcoming and current christian events in the area. I believe that the service provided by KLOVE is in the best public interest because it offers a wonderful alternative to all the other radio stations, a lot of which the music is unsuitable for small children. I listen to KLOVE everyday and finds its services invaluable. I am so committed to KLOVE's cause and ministry that I currently financially support KLOVE and have for the past 2 years. I am now and forever will be opposed to any changes to broadcast services that may force wonderful stations, like KLOVE, off the air.

Thank you for considering my comments,
Mrs. Charlee Rose Ganzer
